Molecular Modelling: Principles and applications,  
A.R. Leach, Pearson-Prentice Hall, 2001.

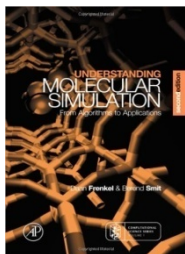

Molecular Dynamics Simulation. Elementary Methods,  
J.M. Haile, Wiley, 1992.

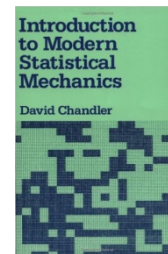

Computer Simulation of Liquids,  
M.P. Allen, D.J. Tildesley,  
Second edition,  
Oxford Univ. Press, 2017.

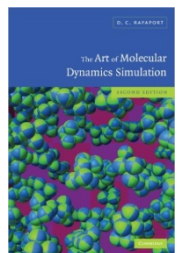

Classical Mechanics,  
Goldstein, Poole & Safko,  
Addison Wesley 2001.

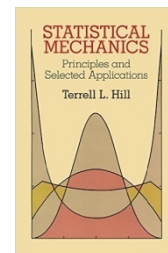

Understanding Molecular Simulation. From algorithms to applications,  
Daan Frenkel, Berend Smit,  
Academic Press, 1996.

Introduction to Modern Statistical Mechanics,  
D. Chandler, Oxford University Press, 1987.

The Art of Molecular Dynamics Simulation,  
D.C. Rapaport, Cambridge University Press, 1995.

Statistical Mechanics: Principles and Selected Applications,  
T. L. Hill, Dover Publications, 1987.
